Sunlight Li.ON FORCE Lite Pack

Easy-to-use power

A complete solution that gives full independence and unparalleled convenience. Coming in a compact design with an embedded fast charger for immediate access to reliable and uninterrupted power.

- Fast and opportunity charging
- All-in-one plug & play solution for uninterrupted operation
- Protection of cells and battery
- Small size for best fitting
- Maintenance-free
- Fully certified batteries according to **UN38.3, CE, UL**

Class III Applications

MADE IN EU
Designed and assembled in EU

Customer Experience

ON-BOARD PLUG-IN FAST CHARGER
50A built-in charger for an optimized charge profile. No separate charging room needed

BATTERY-TRUCK CONSTANT CONNECTION
No need for the battery to be removed for charging

BMS
Critical parameters monitoring and protection

LFP CHEMISTRY
Longer lifespan expectancy

12-90-5 REPLACEMENT
Battery, charger and required ballast included

CLOUD ACCESS
Remote connection and bi-directional communication

Specifications

Standard tray dimensions: 25.5 x 7.5 x 26.4 in
Cells: LFP prismatic
Charging temperature: 32°F to 113°F

Discharging temperature: -4°F to 122°F
Storage temperature: -4°F to 113°F (up to 1 month)

Nominal voltage: 25.6V
Nominal capacity: 105Ah
Cycle life: up to 5,000 cycles
